BOSTON HOME BREAKFAST SERIES: FALL 2015

On Wednesday, September 9, industry insiders gathered at the private residence of designer Kristin Paton to celebrate the launch of the fall 2015 issue of *Boston Home*. Guests enjoyed a light breakfast while Editor Rachel Slade revealed highlights from the issue, and Sarah Lawson of S+H Construction spoke briefly about their service and craftsmanship as an award-winning general contractor. Guests also supported nonprofit partner New England Center for Arts & Technology through generous donations. Guests walked away with gift bags filled with goodies from partners—S+H Construction, European Auto Solutions, and New England Center for Arts & Technology.
